Creating a resource for
parents in NJ

WHAT ARE WE DOING?

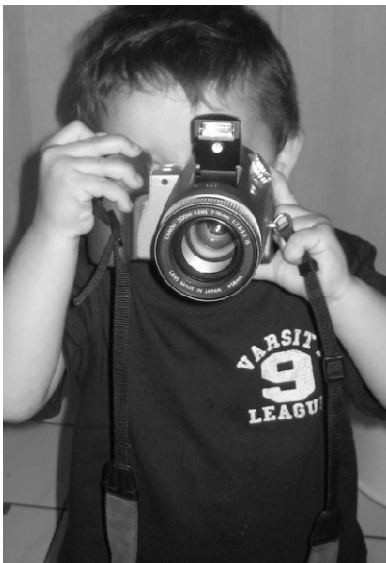

Inspiring Connection in the Community: We are creating a website to include information on playgrounds in NJ to acquaint parents and caregivers to what is available in their communities. By taking photos and writing descriptions, we hope to also bring awareness. Our future goal is to expand this to include a forum, where people can connect.

WHY?

There is no one resource that exists for playgrounds in NJ area. By making this resource we hope to inspire outdoor activities for new parents, caregivers and their children.

PHOTOS

Taking photos in public places is protected by the law, but we extend the courtesy to you if you do not want you or your children's picture taken. If you browse our site and object to a photo taken without your consent, please contact us by email at: njplaygrounds@gmail.com

**DO YOU WANT TO MAKE A DIFFERENCE?
JOIN OUR TEAM!!!**

**Is your favorite playground not on our site?
Have a digital camera?**

Can you email us a picture?

If you answered yes, email your picture with a short description to njplaygrounds@gmail.com. We would of course ask you to follow the guidelines above. If you do not obtain consent and there are people in the picture, we'd ask you to let us know so we can pixelate/blur faces.
